REQUIRED SPARES - SOURCE FROM CURRENT PRICE LIST

#	Description	Qty	UOM
1	Proximity probe, 8 mm	6	EA
2	Extension cable, 5 m	6	EA
3	Signal conditioner module	3	EA
4	MPC4 rack controller	1	EA
5	Rack CPU spare	1	EA

TECHNICAL REQUIREMENTS

- Compatible with the existing VM600 vibration monitoring rack
- OEM or approved equivalent parts only
- Include datasheets and country of origin
- Minimum 12-month warranty; delivery within 8 weeks

NEXT ACTION

Confirm exact part numbers and current price-list pricing for every line.

COMMERCIAL REQUIREMENTS

- Payment terms requested: 60 days from invoice
- Quotation validity: 45 days
- Include freight, GST, and delivery to Lanjigarh
- Mention exclusions and applicable taxes

COMMERCIAL DEVIATION

The requested 60-day payment term is a deviation from standard terms and must create an AH approval requirement after registration.

APPROVAL AND REGISTRATION GATE

Customer classification	Red
Lead state	Blocked - clearance required
Approval route	Joint LJS + AH clearance
Opportunity registration	Not permitted until both approvals complete
Post-registration control	Commercial deviation: 60-day payment term / AH approval

SOURCING INSTRUCTION

Sourcing must require current pricing for each spares line from the active price list.
Confirm exact part number, approved status, availability, lead time, and applicable taxes before quotation.

QUOTATION NOTES

Please provide the best techno-commercial offer with datasheets, country of origin, warranty confirmation, delivery commitment, freight, GST, exclusions, and applicable taxes.
